

## Youth Advocate Programmes Ireland – Dublin South City Programme Profile and Outcomes Summary 2011 - 2015

---

**“Young Person & Advocate getting on very well. Young Person getting out and about.”**

*(Parent/Carer)*

In 2015, YAP DSC matched 14 new young people working with 26 young people and families overall. We have profile information for 59 young people and families and outcomes for 43 young people and families worked with from 2011 to 2015.

### Profile of 59 Young People and Families - 47% Boys and 53% Girls

- 17% aged <10-12; 44% aged 13-15 and 39% aged 16-18+.\*
- 92% described themselves as Irish, 7% Irish Traveller and 1% Syrian.
- 71% were living at home while 29% were in the care system.
- 73% were in Education or Alternative Education – 77% regular attendance
- 29% had a Mental Health or Disability Diagnosis
- 49% of young people were linking in with one or more services per week
- 76% of young people had never been arrested.
- Family Background of 45 primary carers: 49% are single parent households.
- 20% of primary carers were in employment.
- 62% of primary carers had a full medical card
- 56% have a family history of drug or alcohol misuse

\*Higher than National Average

### OUTCOMES FOR 43 Young People worked with between 2013 and 2015

**SELF:** 81% showed an improvement in Relationship with Peers; 84% in Self Esteem/ Confidence and 74% in Withdrawn/Isolated.

**FAMILY:** 81% showed an improvement in Parenting Skills; 83% in Social Supports /Family and 91% in Home Environment – Physical/Financial.

**EDUCATION:** 65% showed an improvement in General Behaviour; 64% in Attendance and 63% in Aspirations.

**SAFETY/OFFENDING:** 77% showed an improvement in Risky Behaviour (Self); 84% in Impulsivity and 93% in Co-operation with JLO/Gardai.

**Strengths and Difficulties Questionnaire Analysis:** Of 169 parents and young people who completed SDQ's at beginning, middle and end of the programme the analysis shows an improvement on total difficulties scores from At Risk to Average for parents and from High Average to Medium Average for young people. See full report on website.

**Participation:** Young people and Parents/Carers presented their work and views at the Have Your Say: Social Media National Event in Croke Park in June. We trained young people from across the country to sit on recruitment panels and they are now part of our recruitment for staff and advocates. We maintained our Investing in Children Award for the 2<sup>nd</sup> Year running.

**Monitoring:** 87% of participants gave YAP a satisfaction score of 4 or 5 out of 5.

## **Profile of young people worked with in Dublin South City 2013 – December 2015**

The cohort is 59 young people with 31 girls (53%) and 28 boys (47%). Ages of young people: 17% aged -10 – 12; 44% aged 13 -15; 39% aged 16 – 18+. 92% described themselves as Irish, 7% as Irish Traveller and 1% Syrian.

### *Care Status*

**71% were living in the family home while 29% are in the care system.**

### *Education Status*

**The majority of young people (73%) are in school or alternative education** and of these 77% attend on a regular basis.

### *Mental Health or Disability Diagnosis*

**63% had no diagnosis of a disability or mental health concern with 8% awaiting an assessment.** Of those who did 41% were diagnosed with a behavioural or learning disability and 24% on the Autistic Spectrum.

### *Service and Community Links*

**49% of the young people engaged with one or more services on a weekly basis.**

### *Safety and Offending Behaviour*

**76% of the young people had never been arrested.** A family member had been convicted in 29% of families while 51% did not have that experience and the information was unknown in 20% of cases.

### *Family Background*

Of the 45 cases where the information was provided on primary carers, **69% aged 30 – 44** and **31% aged 45 – 64. 49% are single parent households.** 20% of primary carers were in employment with the majority of the others describing themselves as full time working in the home. **56% of cases have a family history of drug or alcohol misuse,** 31% did not and for 13% the information was unknown. **62% of primary carers had a full medical card,** 11% did not, 2% GP only card and the information was unknown for 25%.

## **Strengths and Difficulties Questionnaires.**

YAP Ireland introduced Strengths and Difficulties Questionnaires as a research tool as part of the NUI Maynooth evidence informed research completed in 2013. We continue to use the SDQ as an important tool in measuring our effectiveness in improving the mental health and wellbeing of Young People referred to us alongside the outcomes and monitoring systems in place and is an important practice tool.

**The data is for 169 young people and Parents/Carers who completed 3 SDQ's between July 2013 and October 2015. Before engaging in the programme Parents/Carers gave young people an average score of 19.28 (At Risk) on the total difficulties scale reducing to an average score of 16.41 ( Borderline) at programme end. Young people at the outset scored themselves lower with an average of 16.07 (High Average), reducing to 14.07 (Medium Average) at programme end. Overall both Parents and Young People report a reduction in overall difficulties with Parents/Carers reporting the biggest improvement.**

## **Summary Outcomes Tables from 2013 to end of 2015**

The system is based on measuring the views of young people, families, referrers, advocates and managers when matched and then at the 6 month exit on a range of indicators. The outcomes system is just one way of measuring the positive impact of the YAP model and is a useful tool for helping young people and families themselves to see how they are changing their lives through the

use of the outcomes booklets. It also assists the organisation to measure what we are achieving through our work and to enhance the services we offer. The number of young people for whom we have outcomes has increased every year and the longitudinal figures show that the programme remains effective in all the main factors with very little variation. See full outcomes tables below.

### **Assessment/Effectiveness of YAP Ireland Service – Monitoring System**

YAP Ireland gives parents/carers the opportunity to have their say about how their involvement with YAP is progressing and to input into service development and improvement. To facilitate this, monitoring calls are carried out midway through the life of the case asking parent/carers of participants to engage in a short questionnaire. To ensure that parents/carers feel free to express their true opinions, this questionnaire is carried out by staff not directly involved in the cases.

Contents of the questionnaire:

1. What do you like best about Youth Advocate Programmes (YAP) Ireland?
2. What do you like least about it?
3. Following on from that, would you like to suggest any changes to the programme?
4. Do you feel informed and involved in your child's YAP programme? Yes/ No  
If no, is there anything we can do to help you feel more involved?
5. Overall, how are you finding the Youth Advocate Programme (YAP) service? (using a satisfaction rating scale of '1' to '5', where '1' = 'very dissatisfied' and '5' = 'very satisfied')

In 2015, a total of 412 cases were identified as eligible for monitoring. 47 were not contacted either because the case had closed before the due date for monitoring came around or other issues such as the parent/carer opted out, or the manager deemed it inappropriate to contact the family at this time. 365 call attempts were made, 165 parent/carers answered the phone and 135 of them agreed to complete the questionnaire. 117 of these calls (86.6%) resulted in positive feedback from parent/carers and 95% felt that they were well informed and involved in their Young Persons YAP Programme. 87% of participants gave YAP a satisfaction level score of 4 or more out of 5.

### **Quotes from Parents/Carers regarding what they like best about YAP**

**Its brilliant the way they organise things, its juts brilliant for her. It's like a miracle since she started with YAP. She loves Advocate.**

**Best thing about the programme is the fact that Young Person is looking forward to going out. It's really building his confidence and he's really benefiting from it. It's great he's started participating in sports in school after a month. Advocate is brilliant, down to earth, very accommodating and they get on really well. She's very helpful and researches activities and has a lot of patience.**

**It's lovely, the way advocate has a caring role for the teenager. It's a great service.**
